Additional Auction Information - We have done our best to correctly describe and identify the articles being sold; however, everything is being sold in “as is – where is” condition. Obviously, the best way to have all of your questions answered is by your own personal inspection on the day of the sale. If that is not possible, you may know of a friend that could examine the items for you, and then represent you in bidding for the same. If neither of these options is possible, call Stanton’s and we will do our best to answer your questions and then execute your bid on the day of the auction. **The following should be noted:**

ABSENTEE BIDS

1. Phone bids or emailed bids will be accepted if received prior to the day of the auction. Phone bids may be set up on larger items so that a potential purchaser can bid directly as the sale is taking place.
2. We execute your bid just as if you were bidding for yourself. The item will be purchased for you at the most competitive amount. Depending on the bidding activity, you may be able to buy the piece for less than the amount of your bid. If two people bid the same amount, the first bid received at that figure will be the purchaser.
3. No bid will be executed if an item is found to be damaged or incorrectly described.

4. Successful bidders will be contacted after the sale.
5. Full settlement will be required immediately.
6. Stanton’s can handle the shipping of items; HOWEVER, the packing, insuring and shipping charges are the expense of the purchaser.
7. The auctioneers may not be held liable for late received and/or non-executed bids.
8. No phone bids will be accepted on sale day.
9. **Buyers Premium - 10% buyer’s premium will be charged at this auction.**
