## MAP INFORMATION

The soil surveys that comprise your AOI were mapped at 1:15,800.

Warning: Soil Map may not be valid at this scale.

Enlargement of maps beyond the scale of mapping can cause misunderstanding of the detail of mapping and accuracy of soil line placement. The maps do not show the small areas of contrasting soils that could have been shown at a more detailed scale.

Please rely on the bar scale on each map sheet for map measurements.

Source of Map: Natural Resources Conservation Service Web Soil Survey URL:

Coordinate System: Web Mercator (EPSG:3857)

Maps from the Web Soil Survey are based on the Web Mercalor projection, which preserves direction and shape but distorts distance and area. A projection that preserves area, such as the Albers equal-area conic projection, should be used if more accurate calculations of distance or area are required.

This product is generated from the USDA-NRCS certified data as of the version date(s) listed below.

Soil Survey Area: Walworth County, Wisconsin Survey Area Data: Version 14, Oct 6, 2017

Soil map units are labeled (as space allows) for map scales 1:50,000 or larger.

Date(s) aerial images were photographed: Apr 29, 2011—Mar 28, 2012

The orthophoto or other base map on which the soil lines were compiled and digilized probably differs from the background imagery displayed on these maps. As a result, some minor shifting of map unit boundaries may be evident.

## Map Unit Legend

100.0%	58.8		Totals for Area of Interest
55.0%	32.3	Warsaw loam, 0 to 2 percent slopes	WeA
16.0%	9.4	Lorenzo-Rodman complex, 12 to 20 percent slopes, eroded	LzD2
28.5%	16.8	Lorenzo loam, 2 to 6 percent slopes	LyB
0.5%	0.3	Fox silt loam, 0 to 2 percent slopes	FsA
0.0%	0.0	Fox sandy loam, 2 to 5 percent slopes	FmB
Percent of AOI	Acres in AOI	Map Unit Name	Map Unit Symbol
