Freeland Auction Services has been entrusted to bring to market the fabulous Steve Howell Antique telephone collection. Steve was an early 1970s member of The Antique Telephone Collectors Association and had thousands of antique telephone projects over 6 decades. Steve was an avid collector, very particular in his restoration process. Steve passed away in December of 2021 near his beach home in Morehead City, NC. This is the 1st of several absolute online auctions for the Howell Telephone Collection.

This first auction of 150 items begins on Sunday, July 3rd and will end Sunday, July 31st beginning at 6pm. Please visit Proxibid.com or our FreelandAuctionServices.com website for more information. There is a 10% buyers premium. We do ship all items in house, so there will be no hidden high dollar fees for shipping.

Steve had amassed a wonderful collection that we will be bringing to you on Proxibid.com with several featured absolute online auctions. He has several Sumter Telephone Mfg. Co. telephones and memorabilia, one of his favorite makers.

Now is your chance to own these rare pieces and add them to your collection. Every item described to a "T" with dozens of photos so there will be no doubt that you will have value in the years to come. You now have the opportunity to add one or more of his telephones to your collection.

Have a field day and revel in some of the most treasured items in the telephony field brought to you by Freeland Auction Services, a "Premier Auction House" connecting collectors with collections! Good Luck in your bidding, check back often, and feel confident that you will have a great piece of history.
