Sanders (Detroit) Vintage Menu Full menu from November of 1949. Excellent condition.		1949 Domain Of The Golden Dragon Certificate This was issued to a crew member of the USAT General Edwin D. Patrick. The Domain of the Golden Dragon is an unofficial United States Navy award. It is given to crew members of ships which cross the International Date Line. You enter the Dragon's Empire when you cross the International Date Line by sailing west, where Asian nations celebrate the power of the dragon. With the extensive Navy operations in the Far East since (and before) World War II, this passage has become so common that few initiation ceremonies are actually held. As sailing tradition has it, the "Dragon's Domain" begins at the 180th meridian as one travels westward into the Western Pacific. 9" x 12".
