Yes, this is the real deal! The good news is that it's an original 1981 Raiders of the Lost Ark onesheet movie poster and it's in pretty nice shape! Creases as expected as it is a folded poster, with a little edge condition problem on the right side. However, it is mounted on foam core, so it is not in original condition. If you don't mind it mounted, then this is a great opportunity to own this stellar find at a better price! NOTE: Shipping this item flat with padding		137 Icon #1 DC/Milestone CGC 8.0 Collector Ed.	1
