11 Set of 10 Revell Mini Ships Battleships	1	18 Assorted 19th Cen. Plastic Toy Soldiers & Horses	1
This set has 10 Revell Mini Ships battleships. There are a few different styles/models of ship. They are roughly 8-9 inches in length. They are in okay condition. They may have small delicate detail pieces that have fallen off. They have removeable parts that may be missing. A few ships have broken off parts. See pictures for details and example		This set was previously owned by a collector who used it to depict British Colonial Wars (1880 - 1895). There are roughly 640 British plastic toy soldiers and 51 horses. Because this set is from a larger collection, the quantities, nationalities, and time period accuracy is not guaranteed. The set overall is unbranded, however there are some branded figures; a couple are Conte Collectibles and some are Armies in Plastics, the horses are also Armies in Plastic. The figures' scale ranges from presumably 1/32-1/35. This set also has 3 horse drawn wagons with pairs of 2 horses attached. There are also 10 pieces of ground artillery and environmental accessories for decoration; 4 are plastic and 6 are diecast. Four of the diecast cannons also have a pencil sharpener attached underneath it. See pictures for details and examples. Overall this set is in okay condition. There are minimal signs of visible wear. There are a few pieces that have had a limb fall off, or have warped appendages. See pictures for examples.	
12 Exin Castillos Vintage Castle Block Set	1	19 100 Vintage 6" WWII American Plastic Toy Soldiers	1
Exin Castillos castle block set with accessories and instruction manual. The condition of the blocks is okay. There are minimal signs of wear, the set may be incomplete. See pictures for details and examples.		There are roughly 100 vintage American depicted 6 inch unbranded plastic toy soldiers. They are presumably World War II styled figures. There are two plastic cars included as well as some artillery pieces. The figures are in okay condition, some have hand painted helmets. There is slight warping of the weaponry on the figures. The plastic cars appear to have been previously spray painted and are chipping. See photos for details and examples.	
13 4 Boxes of Britains 8 Zoo Railings (1397)	1	20 Mixed Lot of 6" WWII American/Russian Toy Soldiers	1
Four boxes of 8 zoo railings form Britains, made in England. They are in their original packaging. Some of the corners of the boxes have visible wear. See pictures for details and examples.		This set was previously owned by a collector who used these figures to depict the Second Line Reserves of World War II, specifically the Eastern Front from 1941 - 1945. There are an assortment of brands, some of which are unbranded. There are 60 darker grey soldiers that we presume to be vintage Plastimarx, however they are unbranded. Additionally, there are 12 lighter grey more modern figures that appear to be in the same poses as the darker grey and presumably also Plastimarx. The light and dark grey are assumed to be American soldiers. There are 39 blue/green vintage Plastimarx soldiers that have visible wear and discoloration due to age which we presume are Russian soldiers. The set has 30 red possible recast versions of the vintage blues/green ones. As well as 6 modern darker green soldiers appearing to be in the same poses as the vintage blue/green and red. The darker green figures are branded Louis Marx & Co. Overall these plastic toy soldiers are in okay condition and some figures are nicer than others. The darker grey soldiers appear to have more visible wear than the rest and have cracking present in the abdomen, appendages, and standing bases so these figures may be more fragile than the rest that are included within this listing. See pictures for further condition details.	
14 World War II Civilian Figures & Vehicles Set	1

22 Mixed Lot of Turkish Toy Soldiers, Horses+Camels	1	26 Italian Renaissance Wars Toy Soldier + Horses Set	1
This set was previously owned by a collector who used these figures to depict the Wars of Islamic Expansion from 1450 - 1750. The set includes roughly 1030 figures, 120 horses, and 40 camels as well as environmental accessories for decorations. The set has many assorted brands and sizes range from presumably 1/30-1/35 scale. The only branded soldiers in the set are the hand painted figures from the brand Britains LTD Deetail. The Britains LTD horses all have riders attached, however, most of the other horses are loose and have no figure attached. There are mountable figures that could be set on top of the loose horses or camels. There are about 12 pieces of ground artillery; 6 are plastic and 6 are diecast and have a pencil sharpener built in. Please see photos for details and examples. Overall, this set is in nice condition. Some pieces are nicer than others. The majority of visible wear is due to storage conditions. There are some figures that exhibit paint chipping on their contours or weaponry. The hand painted Britains LTD Deetail figures have minimal imperfections and are in beautiful condition. See pictures for further details and examples. As this set was once part of a large collection, some nationalities, quantities, and brands are approximations based upon previously generated data.		The figures are meant to depict the Wars of the Italian Renaissance from 1400 to 1600. It includes roughly 505 soldier figures and approximately 64 horse mounted figures. There are roughly 9 individual figures and one mounted in the set branded "Timpo Toys", as seen in the pictures. Additionally, there are many unattached spear pieces that could be decorative or placed with the figures and also about six metal ground artillery and four plastic ladders as accessories. In terms of scale; most stand alone figures are 1/32 scale, however some are smaller, most likely 1/35 scale. This used set is in overall nice condition, however, there is minimal visible wear due to storage conditions. See pictures for further condition details and examples. As this set was once part of a large collection, some nationalities, quantities, and brands are approximations based upon previously generated data.
