**SELLER'S DISCLAIMER:**

We try to sell only worthwhile (inspirational, educational, historical, and sometimes entertaining) books. However, we cannot read every book that we place on this list, so we cannot guarantee the content of every book here. Keep in mind that many of the used books on this list are not written from a Biblical point of view. Books that are written by Christian authors may not uphold Biblical teachings and views on such things as nonresistance and separation. While we would pick up any of these books to read (and have read many of them), many of them may not be suitable for children to read without editing.
