VOLVO

for life

The Detroit Metro Volvo Retailers are proud to be the title sponsor for the Brain Injury Association of Michigan's 24th Annual Eastern Grand Invitational Golf Outing. From its inception, Volvo has been committed to occupant safety. Seatbelts, driver and passenger airbags, side impact airbags and side curtain airbags are integral to all Volvos in order to minimize the chance of a brain injury in an automobile crash.

The Detroit Metro Volvo Retailers also care about the communities we serve and want to make them a safer place with our support of the Brain Injury Association of Michigan.

WHAT IS THE BRAIN INJURY ASSOCIATION OF MICHIGAN?

The Brain Injury Association of Michigan was established in 1981 as a nonprofit Michigan corporation, by family members, persons with brain injury, and persons in the brain injury profession. Its vision is to be recognized as a strong, viable, voluntary health agency providing leadership on traumatic and acquired brain injury through a broad range of services, and supporting research on brain injury treatment. Specifically, the Brain Injury Association of Michigan and its chapters have as their mission "to enhance the lives of those affected by brain injury through education, advocacy, research, and local support groups; and to reduce the incidence of brain injury through prevention."
