# Schmig Simmental Ranch

## ANNUAL PRODUCTION SALE

**Thursday, March 12, 2020  
1:00 p.m.**

**Sale will be held at the Ranch located  
2 miles east, 2 miles north, 1 mile east  
and 2/3 mile south of Stockholm, South Dakota.**

**Sale Day Mobile Phone Numbers:**

605-880-1893 Dennis or

605-520-5120 Dan

**Home Phone:** 605-676-2320 Dennis  
or 605-886-8877 Dan

**Auctioneer:** JIM THORPE

Complimentary lunch from  
11:30 a.m. to 1:00 p.m.

Welcome to our 37th Annual Production Sale. Thyen Farms will again be a guest consignor.

It is February 3rd as of this writing. We are having a break in our weather, I hope it is more than just temporary. The past two years plus, have been tremendously challenging. I don't think I need to describe it because most of you reading this know exactly what I am referring to.

We worked the calves on the 8th of October and weaned the 19th, similar to last year. Most years we wean about the 1st of October, but the past two years, due to wet yards and rainy weather, has moved our weaning later. Note the 116 day ADG is from the October 8th date.

We clipped, weighed, measured scrotal circumference and gave first Foot Rot vaccinations.

The Simmental and Angus bulls have received the same standard vaccinations program. We will give our Simmental bulls a Foot Rot Booster and a magnet for preventive hardware, when we do and fertility check mid April.

The bulls, in my opinion, are coming along quite nicely and for their ages, I am quite satisfied with their scrotal development. We have not treated for any sickness and didn't even feed crumbles at weaning. We have the bulls on the feeding program that we have been on for several years.

We can keep our Simmental bulls free of charge until the first of May, then I will deliver them free of charge up to 300 miles. Registration papers will be transferred to buyers.

We welcome everyone to view the bulls prior to the sale at the ranch, watch our bulls on the video on our web page. [www.schmigsimmentalranch.com](http://www.schmigsimmentalranch.com)

Turn up the sound.

Sincerely,

Dennis and Joanne Schmig

# REFERENCE SIRES

## CCR Cowboy Cut 5048Z ASA #2703910

### Genex

Homozygous black and homozygous polled. The breeds number one sire for registrations. Very impressive with most of his EPD's very positive, several in the top one percent. Structural correctness with mass and muscle.

	CE	BW	WW	YW	ADG	MCE	MM	MWW	STAY	DOC	CW	YG	MARB	BF	REA	SHR	API	TI

## SSR Black Gold 23D ASA #3152254

Heterzygous black and polled. Big powerful black bull that sires a lot of growth and should make excellent cows. His dam has six calvings and a highly fertile female. He is in the three percent for weaning weight, top two percent for yearling and Average Daily Gain, top one percent for maternal milk and maternal weaning weight and carcass weight. Owned by Robert Ellingson.

## A QUICK REFERENCE TO AN EXPLANATION OF EPDs:

Expected Progeny Differences (EPDs) are the most accurate and effective tool available for comparing genetic levels. In using EPDs the differences between two sires EPDs represents the unit difference expected in the performance of their progeny. (Listed below are the units ASA EPDs are expressed in:)

**Calving Ease (CE):** Percent of unassisted births when used on heifers

**Birth Weight (BW):** Pounds of birth weight

**Weaning Weight (WW):** Pounds of weaning weight

**Yearling Weight (YW):** Pounds of yearling weight

**Maternal Calving Ease (MCE):** Percent of unassisted births in first-calving daughters

**Maternal Milk (MM):** Pounds of weaning weight due to milk

**Maternal Weaning Weight (MWW):** Pounds of weaning weight due to milk and growth

**Stayability (Stay):** Percent of daughters remaining in the cow herd at six years of age

**Docility Score (DOC):** The higher the number, the better the score

**Carcass Weight (CW):** Pounds of carcass weight

**Yield Grade (YG):** Yield Grade Score

Yield grade is an indication of the yield of red meat within a carcass. It is calculated by using several factors including: 1) fat thickness; 2) kidney, pelvic and heart fat; 3) hot carcass weight; 4) rib-eye area. A (-) EPD is better.

**Marbling (MRB):** Marbling score

**Indexes:** The last two columns in the EPD section are fairly new to the Simmental Breed, but interesting, they are \$ indexes. Though EPDs allow for the comparison of genetic levels for many economically important traits, they only provide a piece of the economic puzzle. That's where \$ indexes blend EPDs and economics to estimate an animal's overall impact on your bottom line.

**All Purpose Index (API):** It's exactly what it says, all purpose, this index includes every trait that can be calculated, calving ease, pounds at weaning and yearling, keeping replacements back, milking ability and stayability, then the calf crop. It took into consideration some being retained as replacements, then the rest being fed out and sold grade and yield.

**Terminal Index (TI):** This index is to be used if all calves are going to a feedlot. It evaluates a sire for use only on mature cows with all calves put on feed and sold grade and yield. No other factors were figured in.

Using API and TI, first determine which index to use, if you're breeding heifers and keeping replacements, use API, if all calves are going to the feedlot and finished, then use TI.

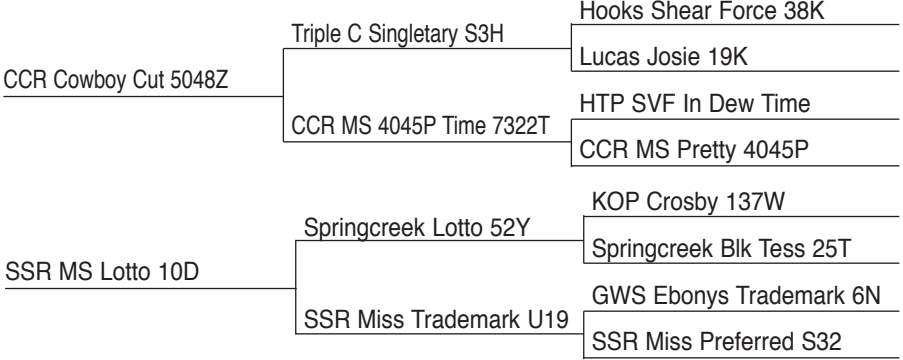

# BULLS

## G3

SSR COWBOY UP 3G ASA NO.: 3422646  
 BIRTH DATE: March 18, 2019 BIRTH WT.: 80 lbs.  
 116 DAY AVG. GAIN: 3.5 ADJ YR. WT.: 1,366

## PUREBRED BULL

BLACK POLLED  
 205 DAY WT.: 808 lbs.  
 SCROTAL CIRC.: 42 cm

Sired by the very popular Cowboy Cut and a second calf Lotto daughter. Grandam U19 has had ten calves and still in herd. Excellent individual performance with an outstanding set of EPD's, check out his percentile rankings.

# Thyen Farms

Waverly, SD 57201

*Where Friends are Welcome and  
Strangers Leave as Friends*

## *Welcome to Thyen Farms*

Sale time is upon us again. We all know how last year was - so I'm not talking about it. This time of the year sale catalogues come in the mailbox every day and reading some of the sales letters makes me so sad. Winning in life really comes from not giving up. Looking ahead is the way to go.

As I write this page we are planning my mother's 95<sup>th</sup> birthday party. Just think of all the changes in life she has seen. She spent a day at the Watertown Farm Show talking to many and Jim makes sure she gets to her granddaughters ball game every week. Living life and being positive is the way to go for all.

With our bulls being younger, we will keep them until you call for them - FREE delivery up to 250 miles. So many times when we deliver your bull(s) guys say how they have changed and grew up and are ready for service. As you look through the offerings this year you will notice some new sires for your herds. Many can be used on heifers.

If you have any questions or would like to see the bulls before the sale please call: Dan 605-520-5120 or Nathan 605-881-0693.

Thank you,

Dan Thyen
