**NOTE:** Paul was the bus mechanic for Northwestern Schools for many years. He loved restoring old JD tractors and really liked to hunt. The restorations on the restored tractors are very good. Except for the un-styled A, with a little help these tractors should all run. There was no way to have the auction on site, so we moved the sale to the RES facility. Lots of parking – loading, etc. We will start with tools and household items in two rings, then move to parts and try to sell guns by 1:00 PM followed by Tractors & Vehicles.
