Online Vehicle Auction! 1990 Ford Mercury Marquis Colony Park Station Wagon with 80,751 original miles. It has been well maintained with service records. The car has been in same family since 1991. The father passed away and is selling by heirs. The father worked at the Ford Motor Company for 32 years and this car was the display car when Ford was at the Renaissance Center. It was their father's prize possession and he meticulously loved it. Per the owner's son, the air conditioning blows cold air and car runs and drives excellent. It has rear jump seats, a new fuel pump, tune up, white wall tires, oil changed, exhaust, battery, and rear shocks. No body rust per seller, some surface rust on frame. They never drove it in the winter or bad weather. The family did tow a small boat with it. The car has been in storage and has been started and driven to maintain it. The vehicle has a Michigan Title.
