Auctioneers Note: Folks this is one of the cleanest well-maintained lines of machinery we have had the opportunity to sell. Tom and his wife Carolyn have decided to retire after 53 years of farming. Most of the power units have been fully serviced and the combine has been inspected and repaired by Wood County Implement. Many of the tillage tools have new iron on them as well. Plan on inspecting machinery the day before the auction, machinery will be running the morning of the auction but per Tom's request will not be restarted once the Auction has begun. We have very few smalls so don't be late for this fantastic line up of farm equipment! Loader tractor available on auction day.
